

DASTARDLY DIY DECS FOR HALLOWEEN

By Bella Kingsley Craft Columnist

What is Halloween?

Halloween is a fun time of year for all but what is Halloween?

Halloween or Hallowe'en, also known as All Hallows' Eve, or All Saints' Eve, is a celebration observed in several countries on 31st October, the eve of a Christian feast called 'All Hallows' Day'.

Here are some amazing craft ideas to help you enjoy this special holiday.

DIY Mummy Decorations!

What you will need is; an old jar, bandages, some googly eyes and glue.

First, take the lid off of the jar. Next, you will need to take some

bandages and wrap them around the jar, gluing it at the back so that the bandages stay on the jar. Now you will need to hot glue the googly eyes onto the jar in the place that you would like (make sure to have an adult who can help and supervise you when doing this).

Finally, add a fake candle inside of your spooky creation and you're ready to set up your fabulous decoration!

Ghosts in the Garden

You will need an empty milk container, some fairy lights and a black Sharpie permanent marker.

First, take the lid off the milk bottle and make sure to clean the inside and let it dry. Next, draw a spooky face on the milk bottle! Finally, put some fairy lights inside of your ghost and you are ready to scare all of your friends with your new creation!
